STATEMENT OF COMMITMENT

It is the goal of the PMSA and its schools to create safe environments for Homestay Students and an environment in which they can successfully pursue their academic careers and personal development.

The PMSA is committed to protecting the security, safety and wellbeing of Homestay Students under its care and will uphold the following principles under this strategy:

All Homestay Students have the right to feel safe, be listened to, be involved in decisions that affect them, have their cultural values respected, not be unjustly discriminated against on the basis of their status, activities, expressed opinions or beliefs of their parents or carers, and have their best interests considered.

Homestay Students under the care of PMSA schools should be provided with the knowledge and information they require to feel empowered to take action in the event of abuse or neglect.

Homestay Students are unique and valued individuals and deserve to be treated with care and respect.

Respect for Homestay students is the foundation upon which all PMSA Homestay policies and procedures are developed.

PURPOSE

The purpose of this strategy is to ensure that the PMSA and its schools have appropriate policies and procedures in place to identify and minimise the risk of harm to Homestay Students where the school has taken responsibility for the accommodation, support and general welfare of the student. This Strategy also aims to provide PMSA schools with written processes to ensure Homestay Hosts, arranged by and for PMSA schools comply with the legislative requirements specified in the *Working with Children (Risk Management and Screening) Act 2000*, the *Working with Children (Risk Management and Screening) Regulation 2011*, for the care and protection of children and young people from harm and the risk of harm in Homestay arrangements.

In particular, the purpose of this Homestay Risk Management Strategy is to:

- promote the wellbeing of Homestay Students and to protect them from harm;
- assist the PMSA and its schools to deliver a quality service to the young people in its care;
- reduce the risk of harm to Homestay Students through written policies and procedures for Homestay Hosts arranged by and for PMSA schools.

This Strategy should be read in conjunction with the *PMSA Child Protection Policy*, *PMSA Homestay Welfare and Accommodation Policy* and the *School's Homestay Code of Conduct*.

SCOPE

This Homestay Risk Management Strategy applies to all Homestay Hosts, permanent residents of and visitors to, Homestay residences and any student of a PMSA school participating in the School's Homestay program. The Strategy identifies the policies and procedures in place across the PMSA and its schools which, together, act to protect students from harm. It also identifies the strategies in place for selecting, training and monitoring Homestay families, guidelines for managing approved accommodation

and welfare arrangements for homestay students, policies and procedures for handling disclosures or suspicions of harm, including reporting guidelines, risk identification and management, communication and support about matters relating to child protection and processes for managing breaches of the *PMSA Child Protection Policy*.

POLICIES AND PROCEDURES

PMSA Child Protection Policy

The *PMSA Child Protection Policy* outlines the commitment of the PMSA and its schools to the welfare and well-being of the students of all its schools, including Homestay Students, where the school has taken responsibility for the accommodation, support and general welfare of the student. The Policy covers information for the handling of disclosures or suspicions of harm, including the reporting of physical, emotional and sexual abuse, as well as neglect, inappropriate behaviour and self-harm.

The Policy applies to all PMSA staff, students and volunteers at all PMSA schools, all staff, children and volunteers at all PMSA Early Learning Centres, Homestay Hosts, Homestay Students, and residents of, and visitors to Homestay residences, and is available:

- on the PMSA website;
- on the website of each school;
- in the Homestay Handbook of each school;
- in the Staff Policy Handbook of each school;
- student handbooks (summarised version)

PMSA Abuse Policy

The *PMSA Abuse Policy* and associated procedures outlines the PMSA's processes for dealing with allegations of Abuse relating to individuals who, as children, received education and/or accommodation or care within a PMSA school but who are not students of the school at the time the allegations are made, i.e. former students.

PMSA Blue Card (Working with Children) Policy

The *PMSA Blue Card (Working with Children) Policy* requires that all persons who are engaged in, or provide services to, student children in PMSA schools, including Homestay Hosts (including parents of the school, but excluding those who are relatives of the child staying with them), adults, other than the designated Homestay Host who live permanently with the Homestay Host and paid employees of a Homestay Host (if they meet the regular contact provisions) must be holders of positive prescribed notices, known as "Blue Cards", issued by the Public Safety Business Agency, before commencing provision of services.

School Blue Card Register

To ensure compliance with legislation and PMSA Policy, each PMSA school maintains a register (Blue Card Register) of the Blue Card numbers of all Homestay Hosts (including parents of the school, but excluding those who are relatives of the child staying with them), adults, other than the designated Homestay Host who live permanently with the Homestay Host and paid employees of a Homestay Host, and the dates of expiry.

PMSA Homestay Welfare and Accommodation Policy

The *PMSA Homestay Welfare and Accommodation Policy* provides written processes to ensure that PMSA schools and Homestay Hosts, arranged by and for PMSA schools, comply with legislation applying to the care and protection of children in Homestay arrangements. In particular, the purpose of this Policy is to:

- ensure that the PMSA has in place arrangements to protect the personal safety and wellbeing of Homestay Students and to protect them from harm;
- meet the requirements of Queensland's child protection framework, Migration Act and Regulations and the standards of the ESOS Act regulatory framework outlined in the National Code (established under the *Education Services for Overseas Students (ESOS) Act 2000*);
- provide guidelines for the selection of Homestay families to ensure suitable accommodation and a stable environment is provided to Homestay Students throughout the duration of their studies;
- provide guidelines to manage potential risk associated with activities undertaken, outside of school hours, by Homestay Students enrolled in PMSA schools.

Homestay Code of Conduct

The *PMSA Homestay Code of Conduct* establishes clear professional standards of conduct to be followed by all staff of PMSA schools, Homestay Hosts, arranged by and for PMSA schools, and residents of, and visitors to Homestay residences, regarding acceptable conduct, child protection obligations and interactions with students, that ensures a high standard of care and wellbeing is maintained for students in Homestay arrangements, and promotes the protection of those students from any threat or risk of harm.

The Homestay Code of Conduct is available:

- in individual school Homestay Handbooks

- on individual school websites

An example of the *Homestay Code of Conduct* can be found in Appendix 2 of this document.

Homestay Handbook

The *Homestay Handbook* forms part of a comprehensive Homestay information pack, provided to all Homestay Hosts arranged by and for PMSA schools, to ensure their visiting students have a fulfilling Homestay experience. The Homestay Handbook sets out clear criteria, for the Homestay Host, with regard to how it makes decisions about the suitability of a Homestay situation and covers minimum requirements with regard to:

- Working With Children “Blue Card” requirements
- Facilities and infrastructure
- Hygiene
- Cultural awareness
- School and Homestay rules
- Services provided (e.g. meals, laundry)

PMSA’s School’s Accreditation Manual

The PMSA’s School’s Accreditation Manual provides all PMSA schools with strategies to meet the accreditation requirements of *The Education (Accreditation of Non-State Schools) Act 2001*. The Act requires PMSA schools, as established non-government schools, to demonstrate compliance once every five (5) years with key accreditation criteria. PMSA schools must provide evidence of written processes about the appropriate conduct of staff and students, including those in homestay arrangements, that accord with legislation applying in the State about the care and protection of children, including processes for:

the reporting by a student to a stated staff member of behaviour of another staff member that the student considers to be inappropriate; **and**
how the information reported to that stated staff member must be dealt with by that stated staff member

SELECTION AND SCREENING

Selection

The PMSA and its schools recognise that risk management for children in Homestay arrangements begins with the selection of the right people to provide appropriate accommodation, support and general welfare to Homestay Students, and continues by having consistent procedures in place for all stakeholders to follow, with adequate training and support from the school, to ensure that, they comply with these procedures.

In choosing a Homestay Host all PMSA schools are required to comply with any relevant legislation and be satisfied of the ability of the Homestay Host to care for the student in a safe and secure environment, and to provide age appropriate support and supervision for a child or adolescent attending school and adjusting to living in a new environment. To be considered for selection in a PMSA school’s Homestay

programme, all prospective Homestay Hosts must agree to uphold the provisions of the PMSA and school's Child Protection Policy and Homestay Code of Conduct, and follow the guidelines and procedures outlined.

Each PMSA school has implemented a general policy to select Homestay Hosts known to them, such as parents of the school or members of the school community and those families already established as Homestay Hosts for other reputable organisations within the wider local area.

In selecting a Homestay Host, each PMSA school must ensure (as a minimum) that:

- Host families are carefully selected from within the school community (where possible).
- All Host families have undergone a police check as required by Queensland law.
- Host families are interviewed and assessed by a trained School-based Homestay Coordinator.
- Host families receive a comprehensive Homestay information pack, including a Homestay Handbook, to ensure their visiting student has a fulfilling Homestay experience.
- Host families can provide visiting students with suitable accommodation and a stable environment for the duration of their stay.
- Host families are aware of, and can effectively manage potential risks associated with activities undertaken by visiting students.
- Host families agree to provide assistance to access appropriate transport to and from school and related school activities.
- Host families agree to the school's Homestay Code of Conduct and the School's and PMSA's Child Protection Policy

Each school also has an established Homestay information pack, which in addition to the Homestay Handbook, includes:

- an Introductory Letter to Homestay Host
- an Application to provide Homestay Accommodation
- an Agreement for Homestay Accommodation
- instructions on how to apply for a Blue Card
- the School's Child Protection Policy
- the School's Homestay Welfare and Accommodation Policy
- Homestay Code of Conduct

The ***PMSA Homestay Welfare and Accommodation Policy*** provides guidelines to assist schools in the selection, training and monitoring of Homestay Hosts.

Screening

As part of the Homestay application and selection process for PMSA schools, all Homestay Hosts (including parents of the school, but excluding those who are relatives of the child staying with them) must have positive prescribed notices (Blue Cards) issued by the Public Safety Business Agency under the *Working with Children (Risk Management and Screening) Act 2000* **except** when an exemption applies under the Act.

INDUCTION

The PMSA and its schools value the work of Homestay Hosts and recognise their responsibility to offer support and assistance to ensure that Homestay arrangements work well for all concerned.

Once Homestay Hosts have been successfully selected and screened, all new Homestay Hosts are required to attend a compulsory induction session, conducted by the school's Homestay Coordinator. These induction programs are designed to make Homestay Hosts aware (as a minimum) of the following:

- The PMSA and school's commitment to providing environments which are safe, caring and supportive to children and young people.
- The PMSA and school's policies and procedures relating to the protection from harm of students in Homestay arrangements.
- Procedures to follow when harm is disclosed or suspected
- Their rights and responsibilities
- What is expected of them
- What they can and can't do – the boundaries of their roles
- The roles of the key people in the school and/or PMSA and to whom the Homestay Host should report or go for help
- What to expect if there is an allegation of harm made against them or to them
- Reporting and grievance procedures

These induction sessions are run periodically throughout each year and are designed to:

- Enhance the skills and knowledge of Homestay Hosts, enabling them to contribute positively to the growth and development of the students in their care
- Reduce exposure to risks
- Support friendly environments for children and young people

All Homestay Hosts, and prospective Hosts, are also provided with a copy of the School's Homestay Handbook as part of the induction process.

MONITORING

Monitoring of the service provided by all Homestay Hosts, arranged by and for PMSA schools, is conducted by each School, through the Homestay Coordinator and includes (but is not limited to):

- Conducting periodic surveys of Homestay Students, which includes an evaluation of their accommodation and welfare arrangements and taking action as required
- Regular contact with the Homestay Host by phone and/or email to discuss and review the arrangement
- Conducting informal meetings with Homestay Students and pastoral care meetings to monitor adjustment; at a minimum once per study period
- Where appropriate liaise with teachers of Homestay Students
- Where appropriate undertake occasional visits to the Homestay Residence to check on the wellbeing and safety of students
- School's Complaints Register

- Self-assessment by Homestay Hosts
- Exit statements by Homestay Students and Hosts

Homestay Hosts are also encouraged to contact the school's Homestay Coordinator immediately if they have any concerns.

Audits of the Blue Card Registers in each school are also conducted as part of the PMSA's Risk Management and Assurance Program, at least annually, and all Homestay Hosts are required, on an annual basis, to sign a register that they have read and understood the PMSA Child Protection Policy.

PROFESSIONAL DEVELOPMENT

The PMSA and its schools believe that ongoing improvement grows from continuous learning, and as such professional development opportunities in relation to child protection are provided on a regular basis by each school, to School Homestay Coordinators.

In addition Homestay Hosts are provided with regular updates regarding legal compliance with respect to child safety and risk management, to address any issues regarding Homestay arrangements.

PLANNING HIGH RISK ACTIVITIES AND SPECIAL EVENTS

All PMSA schools have an established risk register which identifies and evaluates risks involved with the accommodation, support and general welfare of a student accommodated in homestay arrangements, and an established process for developing strategies to minimise the impact of these risks. The types of risks associated with Homestay arrangements include risks relating to the student's pre departure; risks to which the student may be exposed post arrival and risks relating to the student's departure from Australia. An example of the Homestay Risk Register held by each PMSA school can be found in Appendix 1.

Potential risks to Homestay Students are also included as part of the standard risk management processes applied by all schools when developing risk management plans for high risk and special events in which students, including Homestay Students, may participate. The types of activities and events that would be included under this category include, but are not limited to, sporting carnivals, school excursions and camps.

All Homestay Hosts are also expected to identify risks relating to activities under their supervision and to ensure child protection issues are addressed as part of the standard risk management processes in the Homestay arrangement. This includes risks associated with levels of supervision of the student during the Homestay, including outside of school hours, and risks associated with the student's general welfare, including social activities and travel.

Each PMSA school has a Risk Management Committee with the role of identifying risks to students of the school, including those who are accommodated in Homestay arrangements and all Homestay Hosts are expected to report risk situations to the school's Committee, via the School Homestay Coordinator or Principal.

The risk management approach implemented by all PMSA schools is consistent with the framework set out in the *PMSA Enterprise Risk Management Policy*.

CRITICAL INCIDENTS

A critical incident involving a Homestay Student will be managed by the school in accordance with the PMSA *Critical Incident Management Policy* and the *Critical Incident Management Plan* of the relevant school.

EXTERNAL CONTRACTORS

All paid employees of a Homestay Host (if they meet the regular contact provisions) are required to be holders of Blue Cards, issued by the Public Safety Business Agency, before commencing provision of services. These employees are also required to agree to the School's Homestay Code of Conduct and PMSA and school's Child Protection Policy.

MARKETING AND ADVERTISING

All PMSA schools have in place a policy for the use of key messages and images featuring children, and will ensure, in respect of photographs of students being accommodated in Homestay arrangements, that:

- The permission of the parent or guardian of the child has been obtained, including specification by the parent and child as to how the image will be used; **and**
- When obtaining consent to use an image the child's confidentiality is maintained and the child is not put at risk or the child's best interest compromised.

COMMUNICATION AND SUPPORT STRATEGIES

Homestay Students and Parents

Policies and procedures have been developed for the education of all students in PMSA schools regarding the prevention of harm, and the process for disclosure of, or the suspicion of harm, including self-harm.

The PMSA Child Protection Policy is made available to Homestay Students and parents via individual school websites, student diaries, Homestay Handbooks and the PMSA website. The Policy is also displayed on at least one noticeboard within each school and the attention of parents and students drawn to the Policy at least twice a year via school newsletters. A copy of the PMSA Child Protection Policy is also available from Administration staff at each school. This Homestay Risk Management Strategy is also available via the PMSA and individual school websites.

A *"Student Guide for Protection from Abuse or Harm"* is included in all student handbooks and students are informed at assembly and regular classroom meetings about how to protect themselves, and whom to report if they are concerned about their safety.

Homestay Hosts

To ensure that all Homestay Hosts, adults who permanently live with the Homestay Host, visitors to the Homestay residence and paid employees of the Homestay Host, understand what is expected of them with regard to providing a safe and secure environment for students in Homestay arrangements, this Homestay Risk Management Strategy is directed, by each school, to the attention of all Homestay Hosts through the Homestay Handbook, and in particular, during the induction process for all new Homestay Hosts. The Homestay Risk Management Strategy is also publicly available via the PMSA and individual school websites.

RESPONDING TO DISCLOSURES AND SUSPICIONS OF HARM

A Homestay Host arranged by or for a PMSA school must be aware of and comply with the PMSA Child Protection Policy with regard to procedures for reporting of harm, such that if a Homestay Host becomes aware or suspects that harm has been caused by anyone to a student of the school who was under 18 at the time, the Homestay Host should report it to the Principal either directly or via the Homestay Coordinator, and keep a written record of the actions.

The PMSA Child Protection Policy outlines the procedures for reporting and responding to disclosures of harm, including self-harm, regardless of whether:

- The harm to the child or young person has been caused by a person from within or outside a PMSA school, or
- The child or young person disclosing the harm is from within or outside a PMSA school.

Each PMSA school keeps a confidential register in the Principal's office of all incidents related to sexual abuse, harm or inappropriate behaviour. Where an incident is reported, full details, including the steps taken to resolve the incident, are entered in the register.

The Register of each school is audited annually by the PMSA, to ensure that allegations have been dealt with in accordance with published policies and procedures.

Each school also has a comprehensive complaints handling procedure, for access by staff, parents and students, in cases where an issue is not resolved to their satisfaction.

MANAGING BREACHES OF PMSA CHILD PROTECTION POLICIES

Each PMSA school reviews all allegations of breaches of any of its policies, and will take steps to minimise the risk of any further breaches. Non-compliance with the *Working with Children (Risk Management and Screening) Act 2000 (Qld)* will result in penalties imposed under the Act.

The *PMSA Child Protection Policy* addresses consequences that may result when a Homestay Host, adults permanently residing in or visiting the Homestay residence and/or employees of a Homestay Host, act in contravention of their obligations under the Policy. Suspected breaches are dealt with by investigation and reporting to relevant authorities where necessary (refer to the School's Child Protection Policy and, in particular, the section on Reporting of Harm or Abuse).

It is a requirement that any breach of the school's *Homestay Code of Conduct* must be reported to the School Homestay Coordinator as soon as reasonably practicable and, in the case of any incident involving harm of a physical or sexual nature to the Homestay Student, to the Principal, in accordance with the *PMSA Child Protection Policy*.

Homestay Hosts, arranged by or for PMSA schools are made aware of, and must accept that any breach of the *PMSA Child Protection Policy* and/or school's *Homestay Code of Conduct*, including any failure to report a breach of the Code of Conduct may result in:

- removal of the Homestay Student from the Homestay Residence and the control of the Homestay Host;
- termination of the Homestay Host's participation in the Homestay Program;
- the Homestay Host being reported to appropriate authorities; or
- possible criminal prosecution.

GOVERNANCE

The PMSA Education and Pastoral Care Committee has responsibility for the oversight relating to all child protection matters, including those which relate to students in Homestay arrangements.

Risk Management Reporting

Compliance with Child Protection legislation and PMSA Child Protection Policy requirements, any identified risks or incidences pertaining to child protection in individual schools and breaches of the PMSA Child Protection Policy and/or PMSA Homestay Welfare and Accommodation Policy, are included in a Risk Management report provided by each PMSA School Council on a quarterly and annual basis respectively.

Incidents, risks or breaches of major significance, including criminal acts, are reported directly to the PMSA Councillors on a more urgent basis as they are identified. Consultation by the individual School Council Chairman and Principal with the PMSA Chairman to determine the trigger for such reporting is recommended.

Risk Management Review

The PMSA and its schools ensure that this Homestay Risk Management Strategy is implemented, reviewed annually and updated as necessary to ensure compliance with the *Working with Children (Risk Management) Act 2000*, and any other legislation which may, in the future be enacted in relation to child protection.

Appendix 2 Code of Conduct for Homestay Arrangements

Homestay Code of Conduct Guidelines for interacting with children and young people in Homestay Accommodation

BACKGROUND

While it is not our intention to stifle the warm and friendly relationship between families and Homestay Students, you should be aware that problems in this area do arise from time to time and you should exercise all appropriate care and consideration towards the Homestay Students in your home. The best way of ensuring appropriate behaviour is to abide by relevant legislation and PMSA and school policies, comply with the points agreed to in the Homestay Agreement and exercise common sense and caution with regard to the homestay student in your care. In exercising "common sense and caution" Homestay Hosts should take into account the significant cultural differences between their own ideas of appropriate behaviour and those of their students.

PURPOSE

This Code of Conduct outlines the standards of behaviour expected of the Homestay Host, their families and all visitors who interact with the Homestay Student in the Homestay Residence. These standards are consistent with the values and principles of the School's Homestay Program.

WHO MUST COMPLY WITH THIS CODE OF CONDUCT

This Code of Conduct applies to

- Homestay Hosts
- Residents of Homestay Hosts' homes
- Visitors to Homestay Residences
- Employees of Homestay Hosts (if they meet a "regular contact" provision)

As part of the Homestay Agreement the Homestay Host acknowledges that this Code of Conduct applies at all times when any of the people referred to above interact with the Homestay Student or are in the presence of the Homestay Student. It is expected that the Homestay Host will comply with and will ensure that all occupants of or visitors to the Homestay Residence who interact with the Homestay Student comply with this Code of Conduct at all times.

DEFINITIONS

The PMSA Child Protection Policy provides the following definitions for Abuse and Sexual Abuse: "Abuse" means the activity or deliberate or careless inactivity which causes significant harm, that is to say, any detrimental effect of a significant nature on a person's physical, psychological or emotional wellbeing. It is immaterial how the harm is caused. The harm can be caused by:

- Physical, psychological or emotional Abuse or neglect
- Sexual Abuse or exploitation

“Sexual Abuse” in relation to a relevant person, includes sexual behaviour involving the relevant person and another person in the following circumstances

- (a) The other person bribes, coerces, exploits, threatens or is violent toward the relevant person;
- (b) The relevant person has less power than the other person;
- (c) There is a significant disparity between the relevant person and the other person in intellectual capacity or maturity.

PRINCIPLES

As part of the Homestay Agreement, Homestay Hosts will uphold the following principles under this Code of Conduct:

- All Homestay Students have the right to feel safe, be listened to, be involved in decisions that affect them, have their cultural values respected, not be unjustly discriminated against on the basis of their status, activities, expressed opinions or beliefs of their parents or carers, and have their best interests considered.
- Homestay Students should be provided with the knowledge and information they require to feel empowered to take action in the event of abuse or neglect.
- Homestay Students are unique and valued individuals and deserve to be treated with care and respect.
- Homestay Hosts are committed to promoting the wellbeing of Homestay Students under their protection by protecting their security, safety and wellbeing at all times.
